## OPEN SHOP IS DECLARATION.

Moran Brothers Declare All Comers Equal.

Say They Employ Free Americans Willingly.

Order Knocks Out All Intermediary Loafers.

(BY DIRECT WIRE TO THE TIMES.)

SEATTLE, April 18.—[Exclusive Dispatch.] The union iron moulder walked out of the ship-building plant of Moran Bros. today because General Manager Patterson had posted a notice that the open-shop rule would be enforced. This plant, read the notice, "is, and will continue to be, an open shop, which means that free Americans and others do not need the consent of trades unions or walking delegates before they can get work in this plant. Any attempt to coerce or intimidate will be dealt with according to law."

A demand for an eight-hour day had been presented, and he made effective May 1. The foundry owners of the Northwest have a nine-hour day and agreed at a meeting held a week ago that they would refuse the union demands and enforce an open-shop policy.

The strike of Moran's moulders is the first step in the metal-trades fight. His years ago a strike that involved the entire Coast was lost by the men at Moran's.

KILLED BY STRIKERS. FOR NOT LEAVING HIS JOB. (BY THE ASSOCIATED PRESS-P.M.) CHICAGO, April 18.—Because he refused to go on strike, Edward T. Fago, a car cleaner employed by the Chicago and Northwestern Railroad, was hit on the head with a brick last night and then jumped on and kicked by three men. He died a short time later. The police arrested Paul Masha and are searching for Henry W. Wotke and Joseph Masha, who they assert aided in the attack on Fago.

The strike which led to the murder occurred three weeks ago. At that time the men became dissatisfied with the wages paid them and quit. Fago, who had been employed by the company for five years, refused to join them.

Last night the three men tried to persuade Fago to quit and he refused to listen to them. Masha, it is alleged, picked up a brick from the floor and struck Fago on the head. The others then jumped on him and beat him unconscious on the floor.

WANT MORE WAGES. CANADA MACHINISTS STRIKE. (BY THE ASSOCIATED PRESS-P.M.) MONTREAL (Quebec) April 18.—A strike for 10 per cent. increase in wages has practically been declared by the machinists of the Grand Trunk Railway in Canada, who are members of the International Machinists' Association. Under the law the men cannot go out, however, until the Minister of Labor has had an opportunity to adjust the dispute.

ADICKS IS UNDER SIEGE. SUSPOENA SERVERS GUARD THE DOORS OF APARTMENTS. For More Than Two Years the Bay State Millionaire Has Used the New Jersey House Although It Is Rented to Beautiful Woman Named Mrs. Roomie.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, April 18.—[Exclusive Dispatch.] J. Edward Adicks, the Bay State gas magnate, who spent \$2,000,000 in a vain effort to represent Delaware in the United States senate, is under siege in a Hoboken flat house by a force of subpoena servers engaged in the interest of Thomas W. Lawson, who has many suits against the gas millionaire.

The flat house is in Bloomfield avenue, and Mr. Adicks has been a mysterious occasional tenant for over two years. Though the apartment is rented in the name of Mrs. Edward Roomie, a woman described by tenants of the apartment-house as of distinguished appearance and always richly dressed, Mr. Adicks came and went with an air of proprietorship, always letting himself in with his own key.

Mrs. Fisher, who owns the four-story brownstone building in which the apartment is located on the third floor, said she had rented the flat to Mrs. Edward Roomie over two years ago. Mrs. Roomie and her sixteen-year-old son have lived in the house, however, only about three months or thereabouts. During the two years, Mrs. Roomie had the apartment, Mr. Adicks paid frequent visits, sometimes remaining one week and sometimes three.

The Delaware millionaire did not show himself today nor did he go out last night.

ROMANIC DEVONSHIRE The Land Made Famous by Philpotts' Novels. Philpotts has made us familiar with romantic Devonshire, in his fascinating novels, "The River," "Children of the Mist," etc. The characters are living human beings; the people there drink coffee with the same results as elsewhere. A writer at Rock House, Orchard Hill, Bideford, North Devon, states:

"For 30 years I drank coffee for breakfast and dinner, but some 5 years ago I found that it was producing indigestion and heartburn, and was making me restless at night. These symptoms were followed by brain fog and a sluggish mental condition.

"When I realized this, I made up my mind that I quit drinking coffee and having read of Postum, I concluded to try it. I had it carefully made, according to directions, and found to my agreeable surprise at the end of a week, that I no longer suffered from either indigestion, heartburn, or brain-fog, and that I could drink it at night and secure restful and refreshing sleep.

"Since that time we have entirely discontinued the use of the old kind of coffee, growing fonder and fonder of Postum as time goes on. My digestive organs certainly do their work much better now than before, a result due to Postum Food Coffee, I am satisfied.

KANSAS IN COMMISSION. PHILADELPHIA, April 18.—The battleship Kansas was placed in commission at the League Island navy yard with appropriate ceremonies today. The orders of the Navy Department at Washington placing the battleship in commission and appointing Capt. Charles E. Vreeland in command were read to those present, who were drawn up for attention. At the conclusion of the reading of the orders, Capt. Vreeland gave the navy yard officials a reception.

SURVEYING FOR NEW ROAD. PT. WORTH (Tex.) April 18.—[Exclusive Dispatch.] Permanent lines are now being run by engineers for a proposed inter-urban road that is to be constructed by the city and Webster of Boston, between this city and Cleburne. It is announced that work will begin on the construction as soon as the permanent route can be selected.

"As a table beverage we find for all the members of my family use it) that when properly made it is most refreshing and agreeable, of delicious flavor and aroma. Vigilance is, however, necessary to secure this, for unless the servants are watched they are likely to neglect the thorough boiling which is essential to extract the goodness from the cereal." ## ATOS COLLIDE AT FULL SPEED.

CRASH IN CRASH OF TWO TOURING CARS.

Chauffeur Attempts to Avoid Approaching Street Car and Sends His Machine into the Front End of Another Automobile, Completely Wrecking Both.

Three persons were severely injured and five others painfully bruised in a head-on collision between two automobiles at 1 o'clock yesterday afternoon, at the intersection of Washington and Estrella streets. That no fatalities resulted is remarkable. Both cars were wrecked.

Sweeping out of the way of a Washington-street car, an American machine, driven by Don Lee, of the Lee Motor Car Company, shot across the street at Estrella and crashed at full speed into a Cadillac machine driven by Edward Lyttell, which was also moving rapidly. Like two angry bulls the autos reared, shivered,

then dropped back, hopelessly smashed. Lee was thrown into the wreckage and narrowly escaped with his life. It was stated last night that he is internally injured as a result of being thrown against the broken gears. Both chauffeurs stuck pluckily to their steering wheels.

Two men riding in the machine with Lee escaped without a scratch. They were both in the rear seat of the tonneau and were thrown forward violently against the front seat. They left the scene of the wreck quickly without giving their names.

The engine of the American machine was broken in half as clean as if cut with a saw. The front wheels were turned inside out and the tires were broken and the rims and tires were smashed.

The occupants of the Cadillac car fared worse than those in the other auto. When the collision came Lyttell was trying to steer closer to the curb. He was thrown into the wreckage and sustained severe cuts and bruises. His injuries are considered serious, and he had a slight hemorrhage as a result of an injury to his side.

C. A. Randolph, No. 1134 Eiden Place, was riding on the front seat with Lyttell. He was jammed into the wreckage and his left leg was crushed. The machine had to be pried apart to extricate him from his perilous position. Mr. Randolph was removed to his home after the accident. A man, woman and child occupied the rear seat of the Cadillac. They escaped with bruises.

The wreck delayed traffic on the Washington street and University line for three-quarters of an hour.

**INJURED IN AUTO CRASH.**

John Allen, a ranchman from Fernando, was slightly hurt in an automobile accident at First and Spring streets last night. Allen was crossing the street when automobile No. 378, driven at a high rate of speed, struck him. He was assisted to the Receiving Hospital and treated. Allen was only shocked and bruised.

**CHICAGO ORCHESTRA'S CONCERT.**

The first public concert here of the Chicago Symphony Orchestra, under the direction of Alexander von Meilius, will take place tonight at Simpson Auditorium. A fine orchestral program will be given, and the Apollo Club, in conjunction with the Philharmonic Society of Long Beach, will sing parts of Haydn's "Creation." A second concert for grammar school pupils will take place this afternoon.

## MINES AND MINING.

Two Angelenos Sell Their Interests in Arizona Property for One Million Dollars.

Yesterday the controlling interest of Charles W. Pressley and James H. Bennett in the Arizona and New South Mining Company, whose property lies in the Canada de Oro district near Tucson, Ariz., was sold to eastern capitalists for \$1,000,000. The deal was negotiated by Dr. W. S. Manning of Boyce Heights, according to a statement given out at the office of the company in the Delta building. The company, it is stated, will continue in business.

The property consists of seven claims and a working mine. They were located by Mr. Bennett some two years ago. The returns in gold, silver and copper have been excellent, according to the company's reports. It is stated that a smelter will be erected on the ground.

## EXTENDS DELIVERY.

Postmaster Flint Will Include Part of Shooting District in City Mail System.

Beginning with next Monday, April 22, free mail delivery will be extended to a part of the so-called "shooting" district, recently annexed to Los Angeles. This will be welcome news to the citizens of this section of the city, even to those who are not as yet included in the present new delivery district, for it shows what will be accomplished in a short time through-out.

So rapidly has this district built up this spring, and so many families have moved into it that the present free rural delivery routes have become swamped, and the mail carrier has been unable to get around to deliver the mail on routes Nos. 3 and 4.

Postmaster Flint brought the matter to the attention of the Postoffice Department at Washington, with a strong recommendation for city delivery, with the result that he has been allowed one additional letter carrier for this district.

This will greatly relieve the rural letter carriers, and they will be enabled to cover their routes outside of the city in time to make all necessary deliveries.

The boundaries of the new delivery district are as follows: Beginning on the line of the old city limits and Santa Barbara avenue, thence on Santa Barbara avenue to Redondo avenue, to Sixtieth street, to Monica avenue, to Slauson avenue, to line of old city limits to point of beginning, all included.

Householders living within this territory are requested to call upon the City Engineer at the City Hall for the purpose of securing numbers for their houses. It is essential that all houses be numbered in order to facilitate the delivery of mail. Patrons within this territory are also requested to see that the postoffice is supplied with their names and address.

**CHARITY THEIR WORK.**

Annual Meeting of Organization of Prominent Women Who Seek to Relieve Distress.

The annual meeting of the Assistance League, an organization about which the public knows little, but which is a power for real good in this and other communities, was held yesterday at the residence of Mrs. Hancock, Banning, and directors were chosen for the ensuing year. The league is composed of some of the best-known women of Los Angeles—women of wealth, and leaders in the social world. Their purpose is to relieve distress wherever they find it, and to perform their work of charity without ostentation. It is an invariable rule never to make public the cases which they investigate, the reason for this being that they desire to keep the names of those who are helped confidential, and when it is found that assistance is needed, it is given in such measure as the circumstances warrant.

The reports of the work done during the past year were very satisfactory, but they will not be made public because the league has no desire to attract attention to itself or to its work. Following are the names of the ladies elected directors: Mrs. Hancock, Banning, William M. Garland, George J. Denis, E. T. Earl, Joseph F. Sartori, Mary Langness, of the City Hall, Clara LeMoine Willis, Frank Griffith, Randolph H. Miller, William G. Kerckhoff, George A. Paston, Jaro von Schmidt, E. A. Schmitt, E. A. Schmitt, Granville MacGowan, W. E. Dunn, H. R. Answorth, Walter J. Trask, Walter S. Hall, Henry C. Morgan, Burton E. Green and Sumner T. Hunt.

**SAYS WIFE SHOT HIM.**

H. E. Welch of Watts, Bruised and Bleeding, Makes Serious Charge Against His Spouse.

Mrs. Myrtle Welch is accused by her husband, H. E. Welch, of trying to murder him in her poolroom at Watts last night. Welch says the woman fired two shots at him from his revolver, after beating him on the head with a billiard cue. He said he would swear out a warrant against her this morning.

Welch went to the County Jail last evening with blood on his face and head. He rested from loss of blood and disfigurement. He told a portion of his story to Night Jailer Tom Quinn, who sent him to the Receiving Hospital, where detectives got the rest of the details.

The trouble originated, Welch says, in some domestic disagreement. According to his statement, his married life had been somewhat stormy. "I'm used to being shot at," he said while the surgeons sewed up his lacerations.

"My wife," said Welch, "has a lot of disorderly friends and the poolroom is full of these rowdies. The gun with which she shot me was in my pocket and she took it from me."

Later, however, Welch said a back-man had taken the revolver from his hands. The bullet had struck him back of the temple and had ploughed along his scalp. The wound is not serious.

Mrs. Welch is pretty well known by reason of her poolroom, where, it is claimed, liquor is sold without a license.

**NEW OSTRICH FARM.**

Will Open Tomorrow Opposite Eastlake Park—Manufacture of Feather Goods to Be Extensive.

The Los Angeles Ostrich Farm is the latest bidder for the attention of tourists and sightseers. It will open tomorrow at Eastlake Park. The company is composed of William Ramsay, president, and H. H. Mears, secretary and treasurer, and these men have been operating for some time past an ostrich farm at Tempe, Ariz. From that place seventy-five of the choicest birds have been shipped to the new farm, and they are now installed in their Los Angeles home.

A handsome mission-style general building has been erected at the farm, and in this is shown a fine collection of ostrich feather goods and souvenirs of the farm. An extensive factory business will be carried on at this place, giving employment to from forty to fifty people.

While there will be no formal programme for tomorrow, an especial exhibit of feather goods will be made, and the public is invited to inspect the new attraction.

# CHOICE OF ANY SUIT IN THE HOUSE

### The Reason

I have made a recent change in the buying arrangements of my store. I am to handle the entire output of a suit maker who produces the snappiest garments for men that were ever sold in any store. My entire Spring and Summer stock had been purchased before I made these arrangements, and as the first factory shipment is on the way, I am up against it for space. At this sale price I am paying you well for assisting me; you'll agree with me if you look over the really excellent showing of suits that I am offering at \$11.00. There are no reserves, everything goes; any suit in the house at this price.

### Forcing Them Out

My \$11.00 Suit Sale is on with a tremendous rush. I am extremely well pleased with the promptness with which you have taken advantage of these tremendous values at my forced Clearance Sale. When you stop to consider that you are bound to save at least \$4.00 on any suit and as much as \$14.00—suits that cost considerably more than \$11.00 at the factory, it is easy to understand why you ought to be here early. I am not trying to work off an out-of-style stock. These are the latest comes—single or double breasted, sack or business suits, all Spring and Summer models, in an unlimited array of fabrics, colors and sizes.

Eleven Dollars—that's all you need.

The annual meeting of the Assistance League, an organization about which the public knows little, but which is a power for real good in this and other communities, was held yesterday at the residence of Mrs. Hancock Banning, and directors were chosen for the ensuing year. The league is composed of some of the best-known women of Los Angeles—women of wealth and leaders in the social world. Their purpose is to relieve distress wherever they find it, and to perform their works of charity without ostentation. It is their invariable rule never to make public the cases which they investigate, the reason for this being that they desire to avoid the annoyance incident to the importunities of persons who seek financial aid on pretext, and thereby try to prey upon those who may be charitably inclined. Every individual case is thoroughly investigated, and where it is found that assistance is needed, it is given in such measure as the circumstances warrant.

The reports of the work done during the past year were very satisfactory, but they will not be made public because the league has no desire to attract attention to itself or to its works. Following are the names of the ladies elected directors: Mrs. Hancock Banning, William M. Garland, George J. Dennis, E. J. Joseph, Joseph J. ## SAYS WIFE SHOT HIM.

**H. E. Welch of Watts, Bruised and Bleeding, Makes Serious Charge Against His Spouse.**

Mrs. Myrtle Welch is accused by her husband, H. E. Welch, of trying to murder him in her poolroom at Watts last night. Welch says the woman fired two shots at him from his revolver, after beating him on the head with a billiard cue. He said he would swear out a warrant against her this morning.

Welch went to the County Jail last evening with blood on his face and head. He reeled from loss of blood and disfigurement. He told a portion of his story to Night Editor Tom Quinn, who sent him to the Receiving Hospital, where detectives got the rest of the details.

The trouble originated, Welch says, in some domestic disagreement. According to his statement, his married life has been somewhat strenuous. "I'm used to being shot at," he said while the surgeons sewed up his lacerated scalp.

"I'm used to being shot at," he said while the surgeons sewed up his lacerated scalp. "I'm used to being shot at," he said while the surgeons sewed up his lacerated scalp.

## CHOICE OF ANY SUIT IN THE HOUSE

### The Reason

I have made a recent change in the buying arrangements of my store. I am to handle the entire output of a suit maker who produces the snappiest garments for men that were ever sold in any store. My entire Spring and Summer stock had been purchased before I made these arrangements, and as the first factory shipment is on the way, I am up against it for space. At this sale price I am paying you well for assisting me; you'll agree with me if you look over the really excellent showing of suits that I am offering at \$11.00. There are no reserves, everything goes; any suit in the house at this price.

### Forcing Them Out

My \$11.00 Suit Sale is on with a tremendous rush. I am extremely well pleased with the promptness with which you have taken advantage of these tremendous values at my forced Clearance Sale. When you stop to consider that you are bound to save at least \$4.00 on any suit and as much as \$14.00—suits that cost considerably more than \$11.00 at the factory, it is easy to understand why you ought to be here early. I am not trying to work off an out-of-style stock. These are the latest comes—single or double breasted, sack or business suits, all Spring and Summer models, in an unlimited array of fabrics, colors and sizes.

Eleven Dollars—that's all you need.

Notice of Stockholders' Meeting.

Notice is hereby given that there be a meeting of the stockholders of Humboldt Brewing Company of Arizona, held in the office of said Company, 534 Bradbury Building, Los Angeles, California, on Monday, the 22nd day of June, 1907, at the hour of 2 o'clock p. m. subject of said meeting being to discuss the general affairs of said corporation.

## THE CITY IN BRIEF

### NEWS AND BUSINESS.

#### Railway Accountants Invited.

The Chamber of Commerce has sent an invitation to the Association of Railway Accountants to hold its next annual convention, which will be in 1930, in this city.

#### Colorado's Governor Coming.

Advice has been received at the Chamber of Commerce that Gov. Buchalter of Colorado will arrive in Los Angeles about the 20th inst. Arrangements are under way to give a reception during his stay here.

#### New Hotel Opened.

The new hotel, Casa del Pico, at No. 1834 Vermont avenue, was formally opened by the proprietor, L. M. West, on Wednesday evening. Cards and music were enjoyed, and a large number of guests were present.

#### They Want Their Money.

L. C. Fuller was arrested last night on a warrant issued by the firm of Garner & Murray, charging him with embezzlement. Fuller has been employed as a collector for the firm, who are agents of the Huntington Beach Canning, Pickling and Produce Company. It is alleged that Fuller used about \$15,000 of the money he collected for the firm.

#### Overcome Ups and Downs.

After being in California for twenty years, Victor A. Badescu of San Francisco is on route to his native land in Roumania. He arrived yesterday at the Alexandria. Mr. Badescu had amassed a considerable fortune in San Francisco prior to the disaster of a year ago, but lost most of it. He has during the last year been successful as an engraver and printer, and now owns one of the largest establishments in San Francisco.

#### Liquor on Reservation.

The Federal Grand Jury yesterday returned true bills against James Stewart, Jose Guerrero, Antonio Romero, Esteban Flores, E. E. Brown and James Kelly, for having liquor illegally in their possession on the Yuma Indian Reservation, in San Diego county. The case has been before the grand jury for the last few weeks, and all of the defendants have pleaded guilty to having liquor on the reservation, but say that not one drop was sold.

#### University Club Innovation.

Frederick Stevenson, chairman of the House Committee and Secretary of the University Club, has introduced a unique and successful innovation at the club's daily luncheon. It consists of a five-minute radio story or song. Wednesday Harry Clifford Lott gave two vocal numbers. Yesterday Bert Eves Howard spoke on "Modern Craft" which evoked pleasant discussion. Today at 12:45 o'clock Rev. "Bob" Burdette will briefly discuss "Nothing in Particular, and Many Things in General."

#### On Track on Bridge.

There was an excited lot of passengers on Brooklyn-avenue car No. 114 last evening at 6 o'clock, when the rush was on to reach their homes. The car carried sixty-two passengers, being crowded to the limit, when it passed Galleto street and attempted to make the steep run up "Death's Dip." Just before reaching the bridge over the tracks, the car was forced clear out onto the bridge before this was discovered, and the current was turned off. No one was injured, although many shuddered as they remembered the fatal accident at this place a few months ago.

#### Hundred Bank Clerks Meet.

The Los Angeles Chapter of the American Institute of Bank Clerks met last evening at 6 o'clock, when the Los Angeles Chamber of Commerce last evening. More than one hundred attended. Several officers of the various banks were present. W. C. Patterson, vice-president of the First National, addressed the meeting on several important subjects. The first of the evening was a paper by Gregory Perkins, Jr., on "Protests." Music by J. Voornhuysen, Fredrick Gunter, and A. Wilder, and an address by W. W. Gibbs, Jr., were also on the program. Cigars and refreshments were passed. Two members of the national organization were present—E. C. L. Wild and Benjamin Doot of Cincinnati.

#### BREVITIES.

Tomorrow and Monday the remaining lots in Westminster Terrace, in the Wilshire boulevard district, on Western avenue, just north of Wilshire boulevard, will be placed on sale at public auction. This will mark an innovation in the methods of selling high-class Los Angeles residence property. Bids, regular price list and full particulars may be had at the office of Holmes-Watson Co., 644 Grand boulevard. Auction will be on the property at 10 a.m. and is reached via the "West Sixth-street" car. Take yellow car on Broadway or Seventh street to the end of the line.

An exhibition of the paintings of William Keith of San Francisco is now on view in the Blanchard art gallery, 223 South Broadway, under the personal charge of W. K. Vickery, of Vickery, Atkins & Torrey. The many friends of Mr. Keith living in Los Angeles and Southern California generally will be glad of this opportunity of seeing some of the best pictures the artist has ever painted. Visitors will be welcome.

The paintings, comprising the collection of the American Fine Art Association will be offered at public auction today at No. 24 South Broadway, next to City Hall, for the benefit of the Los Angeles Art Association. A very keen interest was manifested in yesterday's sale.

It is not what you earn, but what you save that counts. If you want to save money on hand bags, jewelry, etc., we can help you. Our lease has been sold, and we are compelled to move. Everything goes at about half price. J. C. Fleming, 441 S. Broadway.

J. W. Fry has moved his stock of mantels, grates, tile and andirons to his warehouse, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass fireplace trimmings to be found in the United States. Inspect our fine line of pictures and mouldings, strictly up-to-date and moderately priced. J. F. Kanst Art Co., 642 S. Spring.

Dr. C. H. Hallock, formerly with New York Dental Parlors, has removed to 515 S. Broadway, with Harvard Dentists.

\$500 reward for the arrest and conviction of party or parties who sent obscene literature to my employee, Joe Dryfus.

One Dollar Shoe Store bulletin. Shoes for \$1. Open Friday night until 11:30. 322 Bryson Block, Second and Spring.

**Come Today and Share in These Savings**

Friday is another day of golden opportunities at Bullock's; op-  
portunities in which all may share, and through which all may  
save. It's our weekly clean-up—short lines, broken assort-  
ments, odd lots and remnants. Not all the good things are ad-  
vertised; the shortest lines, those that invariably show the  
greatest reductions, oftentimes do not get into print. There's a  
sale of dress goods remnants scheduled for Friday which mean  
much in the way of money saving. Remnants of domestic  
wash goods and linens at far less than they are worth—and  
other underpriced merchandise from the various sections  
throughout this big store which mean marvelous, economic  
possibilities for Friday.

provision that all elections shall be  
by open ballot. When the secret ballot  
was had, A. L. Jensen received four  
votes and H. M. McNeill three. It may  
be that the Councilmen will not vote  
next week as they did last week, and  
Jensen has not yet been granted his  
commission, he does not know just  
how to receive the congratulations  
of friends over his supposed election.

**WHY IS AN OFFICER?**  
The new charter threatens to put the  
justice of peace for Santa Monica  
township entirely out of business.  
When Sawtelle incorporated as a city  
they lost one of the fertile fields  
in his territory, but now comes the  
charter, and justice A. J. Myers  
has written to the District Attorney  
to learn "where he is at." It seems that  
document clothes the police judge of  
Santa Monica with powers equal in  
rank and jurisdiction to those of the  
township officer, and enforces the hear-  
ing of all criminal charges origina-  
ting in the city before the municipal

officer. With the criminal business  
taken from the justice and with the  
police judge having authority to try  
civil suits, it is not surprising that  
Myers has asked the District Attorney  
why is a justice of the peace?

**HEAR MUSIC HIGHER.**  
Avalon Band Stand Removed to Natu-  
ral Amphitheater and on  
Hillside.  
[OFFICIAL CORRESPONDENCE OF THE TIMES.]  
AVALON, April 18.—The band stand  
has been moved from its former loca-  
tion alongside the pavilion and is now  
located at the foot of the incline rail-  
way in the little park recently formed.  
Here the music lovers will congregate  
the coming summer in a Roman sta-  
dium. The band stand is faced up  
against the hills in a little cove which  
forms a half circle, and in this amphi-  
theater seats of concrete are being  
constructed, each tier rising above the

other as they recede. This location has  
the advantage of overlooking the  
bay, and an inspiring view is gained.  
From their seats the audience can  
watch the fireworks on the arrival  
of the Saturday-night boat, and it will  
not be necessary hereafter to break up  
the band by a stampede of the audi-  
ence when the whistle is heard.  
But one tuna has as yet been taken  
off the island coast, and this was an  
unsophisticated kindergartner of but  
16 pounds. It was taken yesterday from  
the launch Doria, Capt. Fisher, by H.  
B. Davis. It was a distinct disappoint-  
ment to the sportsmen when they  
gathered in for lunch today, with the  
unanimous report of no tuna, for it  
was supposed the fish would have be-  
come hungry after three days' fasting.  
Although no tuna were taken, the  
albacore furnished good sport, and  
nearly every one made satisfactory  
catches, one angler getting sixteen.  
Gen. William M. Wallace, U.S.A., re-  
turned, reached the goal of his ambition

this morning, and points with pride  
to the handsome bronze button in the  
lapel of his coat. The general and his  
brother-in-law, Horace Waters, of  
New York, have worked more or less  
assiduously for the past two weeks for  
a Light Tackle Club button, and only  
yesterday Mr. Waters made good.  
Miss Lillian Albertson, leading lady  
of the Belasco Theater, Los Angeles,  
with her mother, is having a  
week's outing at the Metropole. Yester-  
day she took two albacore above twenty  
pounds, on heavy tackle, and then  
substituted the customary light tackle,  
but the fish she caught did not come  
up to requirements. This morning she  
tried again, but with the same result,  
taking three fish, but the heaviest  
weighed only 18 pounds.  
Thomas Royce, a New Yorker, won his  
button yesterday on a 22-pound alba-  
core.  
C. E. Vanlandingham, manager of  
Hotel Metropole, and his wife, returned  
today from a visit to Los Angeles.

**VENICE.**  
VENICE, April 18.—A brass cannon  
from Calocano is being installed on  
board the ship Cabrillo. This field  
piece was captured in the Philippines  
in 1898 by J. J. Halsey, whose home is  
now in Sherman. The gun was made  
in 1754 and when mounted on the ship  
will doubtless prove quite an attrac-  
tion to Spanish-American war veter-  
ans and all who are interested in  
weapons of warfare.

**HUNTINGTON PARK.**  
HUNTINGTON PARK, April 18.—At  
the meeting of the City Trustees last  
night, the resignation of Trustee Gen.  
M. Salisbury and Plumbing Inspector  
J. C. Jones were accepted, the former  
pleading ill health and the latter be-  
ing presented owing to absence from  
the city. Votes of thanks were accord-  
ed both for their services. The names  
of George E. Steele and J. M. Pear-  
son were suggested for the vacant  
trusteeships, and Pearson expressed a

wish to retire in favor of Steele, but  
as the latter owned to a preference  
for the position of civil engineer, which  
is unfilled, Pearson will probably be  
the new trustee.  
The unsolicited poolroom question  
again came up on a petition for Sun-  
day opening, signed by thirty-nine  
persons, and was ordered filed. Clerk  
Allen was appointed temporary  
plumbing inspector. The question of  
warning persons guilty of neglecting  
to remove weeds from their sidewalks  
was held over until next meeting,  
while inquiry is being made as to the  
status of a new State law regulating  
the matter.

**BIBLE STUDIES.**  
The Friday Noon Bible Class will  
meet in Blanchard Hall today at 12:15  
o'clock, under the leadership of T. C.  
Horton, and tonight the first of ten  
studies of the Book of Romans will be  
held in the First Baptist Church.

## STAGE GIRL NEEDS RELIGION SAYS PHILOSOPHICAL LILLIAN.

Lillian Russell, who made her debut yesterday as an amateur philosopher—sketched by Goffman in her private car while expressing clear-cut views on the Thaw case.

THIS is the philosophy of Lillian Russell: That no girl of 18 is safe on the stage without a strong religious belief. That mothers of actresses—like Mrs. Holman—are a nuisance, except as policemen. That Providence may have desired to wreck vengeance on Stanford White, but certainly wouldn't have chosen a miserable degenerate like Harry Thaw for its agent. That Stanford White was too goodly ugly and unattractive. That poor little Evelyn Nesbit had had no education, and is more to be pitied than censured.

She, who has been the Queen of the Great White Way for so many years, spoke yesterday out of her wisdom. It was in her private car, "Polonia," which is backed into a beautiful bird's-eye view of nine empty freight cars and a cluster of Mexican hotels at the Salt Lake Station, in Los Angeles.

The fair Lillian has probably been interviewed 10,000 times. She looks each time as if she were over with amused curiosity. But tonight with astonishment when asked to give the philosophy of the Thaw case.

Lillian Russell is a clever woman, with a good brain. All that she has seen of the Great White Way she has put away for future reference. Here is the cold philosophy of the typical New Yorker.

"Poor little Evelyn Nesbit," she said suddenly. "The original sin of the Thaw case was in her bringing up. That is where the tragedy started. No girl of sixteen years ought to be allowed to come to New York and

find for herself on the stage, who has not some strong religious influence to carry her through temptation. Especially if she is beautiful. I had been educated and knew what to expect. This poor child actually didn't know the difference between right and wrong."

Lillian Russell has seen wicked Broadway flogging for many years. She has seen ambitious women struggle up and fall again. And it hasn't left a wrinkle.

"She, too, knew Stanford White and to her this gorgeous flame (that scorched little Evelyn Nesbit) was only a rather dull spark."

"Oh, yes, I knew him," she said, not at all impressed by the fact. "He used to send me flowers on first nights. I have attended dinners where he was present. But I never went to any of his orgies. He always was just hanging around."

"Attractive! Good heavens, no. He was the ugliest man I ever saw. He was a long, lanky thing, with a red head, horrible skin. I suppose to Evelyn Nesbit—Oh, well, you know it to a child—a big architect and was flinging money around. She had been around with the artists and all—"

There didn't seem any good reason why she went on: "I think a girl of that age certainly ought to believe in something and believe in it—hard. Also, she ought to have a mother around."

"Mothers are good for actresses to have around until they are about 25, and after that they are apt to be nuisance. A girl like Elaine Janis, for instance, needs her mother to help her with her contracts and to protect her. That's a wonderful child. Beautiful, too."

"When theatrical women get older, having mothers around gets to be nuisance. The mother of an actress doesn't belong on the stage except as a sort of maternal police officer. Blanche Bates's mother has been the greatest handicap of her career. She hangs around and interferes with everything and hurts Miss Bates's business chances. She used to be an actress herself and is continually interfering."

"If a woman isn't old enough to leave her mother, as a general thing, she better stay away from the stage."

"For a beautiful, foolish little girl like Evelyn Nesbit, New York was a hard place—with all those rich young fellows like Harry Thaw hunting them. You have rich men in the West, too. But they are busy getting richer. They haven't time for this kind of thing."

## MORE LICKS THAN EVER.

Los Angeles Postoffice Shows a Great Increase in Stamp Sales.

If all the energy and time devoted to putting postage stamps or letters in Los Angeles during the year ending March 31, 1907, was concentrated in a factory it would run it for six months. The report of sales of postage stamps at the Los Angeles postoffice for this time shows a tremendous increase over that of the previous year, while as compared with the sales in Seattle and Portland, they are considerably more than 50 per cent. over those in either city.

During the year ending March 31, 1906, the stamp sales here amounted to a total of \$171,153.37. During the past twelve months up to March 31, last, the sales were \$274,752.35, an increase for this time of 59.7 per cent.

The increase in Seattle during this period was \$141,561, or from \$262,644 for the year ending March 31, 1906, to \$404,205 for the twelve months ending March 31, last. Thus Los Angeles made an increase of \$112,091.11 greater than did Seattle in its postal receipts.

As for Portland, its increase in postage receipts at its postoffice was \$54,531, or from \$494,283 to \$548,814. This is about 10 per cent. as much as the increase in the sales of the Los Angeles postoffice.

No wonder that Postmaster Pratt has found it hard to keep up with the business of his office with the slight increase in service allowed for this district.

## HOME COMPANY LOSES SWAINE.

GENERAL MANAGER HANDS IN HIS RESIGNATION.

Will Take Presidency of New Ten-Million-Dollar Telephone Company to Operate in Texas Cotton Belt. Will Fight Bell Organization, but Not in This State.

General Manager and Assistant Treasurer E. L. Swaine of the Home Telephone and Telegraph Company has presented his resignation to the board of directors, to take effect on June 1, and will sever his connection with the company at that time.

Mr. Swaine stated last evening that there was no friction between himself and the other officers of the company, but that his resignation was due solely to the fact that his other interests make it incumbent upon him to devote all of his time to these interests. He added that he regretted exceedingly having to leave the Home company.

It is to take the position of president and general manager of the Southern Telephone and Telegraph Company that Mr. Swaine serves his connection with the Home company, of which he has been general manager for two years. Before joining the staff of the Home company he was assistant and president of the Southern Pacific in this city for thirteen years.

The Southern Telephone and Telegraph Company was recently organized under the laws of Arizona with a capital stock of \$10,000,000, divided into 100,000 shares. The company is financed with Los Angeles and San Francisco capital.

The headquarters of the company are in the I. W. Hellman Building on Main street, and the officers, besides Mr. Swaine, are J. N. O. Rees, secretary; J. F. Norris, cashier of the "Central Trust and Savings Bank," treasurer; and R. J. McHugh, at present Pacific Coast agent for the Kellogg Switchboard and Supply Company, chief engineer.

When seen at his home, No. 1444 N. Main street, last evening, Mr. Swaine outlined the powers and purposes of the new company.

"We are organized for the purpose of operating telephone and telegraph lines, electric light and power plants and electric railways. Our first field will be in Texas, where we have already made arrangements for taking over a number of independent telephone companies in the Fort Worth district, and negotiations are in progress to take in others. It is practically a consolidation of a number of long-distance telephone companies and we have options on several."

"We also have franchises for telegraph lines. Development work will be started as soon as the final arrangements are made. We have no intention to create a monopoly. Neither will we interfere in the California field now with the independent companies here. But we will probably get out into the field against the Bell company. Eventually we will develop other enterprises, but our intention, at least at present, is to confine ourselves to the Texas cotton belt district."

Mr. Swaine is a son of Gen. Swaine of New York, and is a graduate engineer from the University of New York.

"My home is here in Los Angeles," said Mr. Swaine last night, "and here it will remain. I will be called away much of my time, but Los Angeles will always be my home."

## FEDERATION CLUB SOCIAL.

Seventy members of the Federation Club enjoyed themselves at a social held in the clubrooms last night. They were entertained with music and also by Russell Harrison, the colored delineator. After the dinner, at which D. E. Berward presided, there was a general talk of importance to the club. This is the organization that stands behind the Federation Coffee Club, corner of Third and Main streets, and maintains quarters for the holding of all kinds of religious committee meetings and conferences. It has done a great deal in this direction, and is consequently popular with churchmen generally. An effort is being made to increase the membership from something over 500 to 1000.

"Think of a beautiful child, as ignorant of right and wrong as a bird, being sent into the world!"

## EVENTS IN LOCAL SOCIETY.

**THE WEDDING OF MISS COLE SMITH** and **WILLIAM E. EVANS** of Kansas, which took place at the home of the bride's mother, Mrs. M. Davis Smith, of No. 2728 Hollywood avenue yesterday afternoon, is one of interest to a wide circle of friends.

The home was artistically decorated, the reception-room and parlors being in white lilacs, marguerites and greenery. Red roses graced the library and the bride's table in the dining-room was daintily decked in pink roses, ribbons and tulle.

The musical programme was an especially attractive one, being supplied by the two sisters of the bride. Just before the ceremony, Mrs. Lucius

ersted with potted palms and flowers and Japanese lanterns. Music and games were enjoyed during the evening, and later refreshments were served.

## Given Rose Luncheon.

Mrs. Henry Van Bergen entertained with a rose luncheon in honor of Mrs. Durbin, who leaves soon for the summer at Pacific Grove. The decorations were in pink, and covers were laid for eight.

## THIS STRIKE A SORRY FIZZLE.

**MANY LOSE THEIR JOBS AT CAMP BISBEE.**

Governor's Private Secretary, Speaking for Territory's Chief Executive, Says the Right to Strike Does Not Carry With It the Right to Coerce, Intimidate or Molest.

(SPECIAL CORRESPONDENCE OF THE TIMES.) BISBEE (Ariz.), April 17.—The strike of the Western Federation of Miners in Bisbee is a fizzle. Its chief result has been to lose jobs for about 700 union men, who had the strike not been ordered, would still have been in receipt of 14 a day for eight hours' work, under conditions admittedly ideal from an independent miner's viewpoint. It is doubtful if even a half of the union men in camp were in favor of a strike. They were ordered by the labor bosses at Denver, and had to quit. Had they refused they would have been listed as "scabs," and would have been black-listed in every union camp.

So they quit, still knowing their services were in demand in many camps where the union is in control. It is estimated that 500 of them have departed from Bisbee already, headed for other mining localities. Fully as many more miners "laid off" following pay day, but many of them, seeing how the situation is shaping up, are going back to work. Over 100 a day are going back to work, and by the end of the week it is expected that every man, woman and child in the mining community will be earning money again in the mines. New men are arriving daily, and it is expected that every mine will be working on full time before the end of the month.

Despite these union leaders persist in their statements that they have pulled out 10 per cent. of the 400 workmen in the district. Secretary Cannon, a candidate for Congress in the last Territorial election. It is reported that old Socialist, Stanley Mother Jones, is to be brought back to Bisbee, to address the diminishing crowds at the street meetings.

Work upon the bolliemakers here and at Douglas, to induce a sympathetic strike, has failed. The bolliemakers had already determined to hold their jobs, were sustained by the officers of their national organization, who wired that they had "better attend to their own business."

The Copper Queen and Calumet companies before the strike had about 3100 men employed. Yesterday the Copper Queen was working 1400 men, and the Calumet and Allied companies about 700 men, leaving a shortage of 900. Sunday night the Miners' Union held its first open meeting, which terminated in a parade participated in by just 600 men, believed to be the real strength of the organization at present. It was announced that in dues and subscriptions had been collected \$200, of which \$1000 had been expended. Of the balance \$300 was voted to Editor Semple of Douglas, journalistic supporter of the strike.

Throughout, there has been almost no violence, though the union pickets often have been insistent to the point of abuse. Mickey Devine, a well-known reporter to the local officers that a bunch of pickets had threatened to break him up. Sheriff White took the matter up at once, calling down the men at once, and ordering them to disperse. The Sheriff assured him that if heads were to be broken he (White) would be responsible. The union has voted a fine of \$10 upon any member found drunk on the streets.

The managers of the Copper Queen and Calumet and Arizona Mining companies have received anonymous letters dated at Tucson, but mailed at Bisbee, threatening that, unless settlement was made at once in satisfaction of the union demands, nitro glycerine would be used against the companies' property. In the letters was told that the nitro glycerine was in the hands of the union, and would be used in a day or two, to start the campaign of violence. The signature was "Union Miners."

There have been charges that the strike was started at the instance of certain mining brokers in Boston and New York, who have made immense sums through the decline of the price of Calumet and Arizona, and Bonanza Circle stocks. The decline in Calumet alone has been \$1,000,000, a drop of 18 a share. The Copper Queen is still affected, its stock being closely held.

There can be no denial of the evil effect the strike has had upon the mining industry. The merchants generally have cancelled their orders for goods and are calling in all credits, though expressing no doubt of the eventual fall of the movement.

A late visitor to Bisbee was Miss Ely, private secretary to Gov. Kibbey. She came to see up the situation. He was pleased to find that peace reigned, though he heard free use of the word "scab" and heard, as well, threats made by union pickets that miners who persisted in working would find all union camps closed to them in the future. Mr. Ely voiced the sentiments of Kibbey when he said:

"All persons concerned must remember that men who are peaceably on strike are in each case strictly within their rights. Men have a right to strike. They have a right to persuade others to join them. It is not their right to coerce, intimidate or molest in the slightest degree any man, who chooses to remain at work. One of the dearest rights of the American citizen is to honestly labor to sell that labor when, where and how he chooses—and to remain at that labor as long as he chooses. I wish to emphasize this fact, for it is often overlooked by men who do not mean to transgress the law."

"The duties of a Governor in relation to a strike are clear. These duties are: To protect life and property, to preserve peace, to protect the right to work peacefully on strike and remain on strike as long as they please—and to protect, resolutely, every man who wishes to work."

**When you buy Lard you get more than you bargain for. It's heavier in your stomach than on the scales.**

Lard is a foe to digestion. If you had the stomach of an ostrich you could hardly withstand the ravages of lard-soaked pastry. You have probably found this out and already given up the eating of pastry. 'Tis wholly unnecessary! Anyone can eat and digest food cooked with *Cottolene*, the perfect shortening. It is a pure vegetable product, made from the best beef suet and choicest vegetable oil. It is neutral in taste and odor.

*Cottolene* is never sold in bulk. It is put up in carefully sealed tin pails. When you buy lard you have no protection as to quality—you simply know you are getting LARD—never mind the grade, it's just L-A-R-D. On the other hand, every pail of *Cottolene* is uniform—the product is guaranteed. You take no chances whatever.

In the face of these facts just ask yourself if you can afford to use hog lard when you can get pure, healthful, nutritious *Cottolene*.

**COTTOLENE** was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE was awarded a GRAND PRIZE.

"Home Help" a book of 300 choice recipes, edited by Mrs. Rogers, is yours for a 3c stamp, if you address The H. K. Fairbanks Company, Chicago.

A NEW FEATURE: The perfect shortening on this pail is for the purpose of making a lard-like substitute for the ordinary lard, at 15c, 20c, 25c, 30c, 35c, 40c, 45c, 50c, 55c, 60c, 65c, 70c, 75c, 80c,
